

ENVIRONMENTAL POLICY STATEMENT

Doc: RJM Environmental.doc

Issue: 1

Date: 07.10.2022 V3

Page: 1 of 1

Our company promises to consistently produce work to the highest standards under the tightest of timeframes at a competitive price. Our jobs run smoothly every time and you can be assured you will receive prompt and cooperative service from all team members.

Our policy is to provide a safe work environment that protects the health, safety and welfare of employees, visitors and other people on our premises and at our work sites.

Commitment:

- Align our environmental responsibilities in accordance with environmental law and regulations, as well as specific legal and statutory criteria including local government and contractual provisions and other operational specifications
- Respect legislation that protects any cultural heritage site, place or structure of historical importance
- Fix and manage goals and priorities to reduce adverse impacts on the environment and promote continuous improvement
- Have a positive environmental affect by using sustainable resources and improving measures for waste and energy reduction
- Avoid pollution and reduce emissions from our workplace
- Integrate environmental management standards into all planning practices
- Monitor, review, evaluate and record the success of our climate program

Strategies and Objectives:

- Minimise the production and disposal of waste
- Minimise the use and disposal of dangerous substances
- Reduce pollution and emissions
- Reduce the use of non-renewable resources and increase recycling
- Reduce capital, water and energy consumption
- Comprehend and apply issues and impact assessment procedures including rescue and recovery initiatives
- Guarantee that accidents are reviewed quickly and causes corrected and avoided
- Meet the needs and expectations of our clients, neighbours, partners, insurers, business associates and the environment
- Ensure that our suppliers and subcontractors meet all necessary requirements
- Utilise feedback and knowledge on completion of every project to strengthen our management systems
